Dear guests and friends of the house
Ladies and gentlemen

With a great deal of commitment and financial effort, we have implemented all the required, Corona-related protection and hygiene measures in the hotel and restaurant area without compromise in the recent months. However, the business and city tourism that has come to a complete standstill in Zurich and in particular the restrictions now newly ordered by the Federal Council for restaurants (opening hours, max. 4 persons from max. 2 households, etc.) make it impossible for us to keep our hotel & restaurant operations open any longer. Therefore, as of December 12, 2020, we will close our two establishments completely, and this at least until January 24, 2021. Possibly longer, depending on the course of the pandemic and the associated official requirements. We thank you very much for your understanding and look forward to welcoming and hosting you again after the reopening in the new year.

Hotel Krone Unterstrass, Zürich
with Restaurants "differente" & "differente più"

Hotel Sternen Oerlikon, Zürich
with Bar & Restaurant Ö
